1997

Ocean Freight shipping services

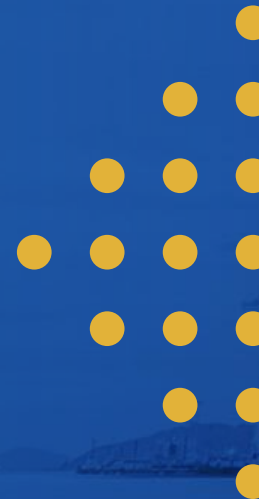

When you have ocean freight professionals matching frequent sailings and flexible service options to your specific business objectives, you have the Fancy Speed brand of personal service.

Our ocean freight management experts partner with you to learn your business first-hand, Equipped with an intimate understanding of your supply chain requirements, we pull from a range of standard ocean freight services and supplementary options to secure the space allocation, timing, frequency and rates that fit your precise objectives.

Whether we need to reserve an oversize container or securely transport your high-value cargo,

Fancy Speed ocean freight consultants treat each shipment with the care and

- Import / Export
- FCL “full container load”
- LCL “less than container load” / Consolidation Services
- Documentation and EDI system for full securing chain
- Customs clearance handling
- Bonded warehousing

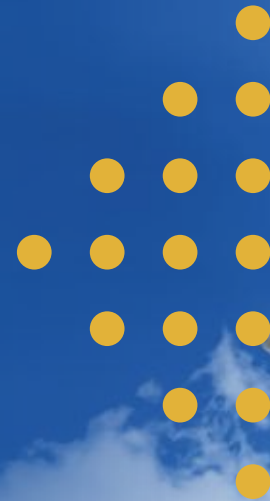

Air Freight shipping services

When you have an experienced team of air freight specialists delivering on your daily priorities for time, space, frequency and cost, you have the Fancy Speed brand of personal service.

We listen, learn and form a close partnership with you to identify your needs and understand your goals.

Our standard air freight services and their customized options bring added flexibility to your supply chain. Whether we're taking extra measures for your sensitive cargo or giving you added supply chain visibility through our online tracking tools, Fancy Speed air freight experts are looking to build your trust as they look after your cargo.

- Outbound operation service
- inbound operation service
- Air chartering service
- Express and priority service

CROSS DOCKINGS SERVICES

With a capability of 1200 agents in 240 countries a globe we would be able to move your orders from and to any destinations around the world even EGYPT is not circulated one of them

We can control this type of service via our experienced team who is in charge for handling out/ inbound orders that requires a reliable and guaranteed overseas agents on both sides ; also we have our own logistics cycle that ease moving cross bookings and monitoring tem

Chartering projects

Chartering of vessels is not only the search for vessels at the lowest freight rate presenting the freight market, but also it is conclusion of a sea freight contract between the ship-owner and the charterer as well the way of contracting and monitoring your said shipment and get the best solution to move

Fancy Speed has the experience to support you navigate the world of vessel chartering.

We can provide charter services for routes not normally covered by commercial liners as well as for cargo that cannot be accommodated on conventional service.

We can secure the right type of vessel to meet your specific cargo requirements. Vessels come in all sizes and with different lifting capabilities. Fancy Speed has an access to a worldwide network of vessels including:

- RoRo vessels
- Bulk Carriers
- SOC Vessels
- Hovercraft
- Tankers
- Dry Cargo Vessels
- Gearless vessels

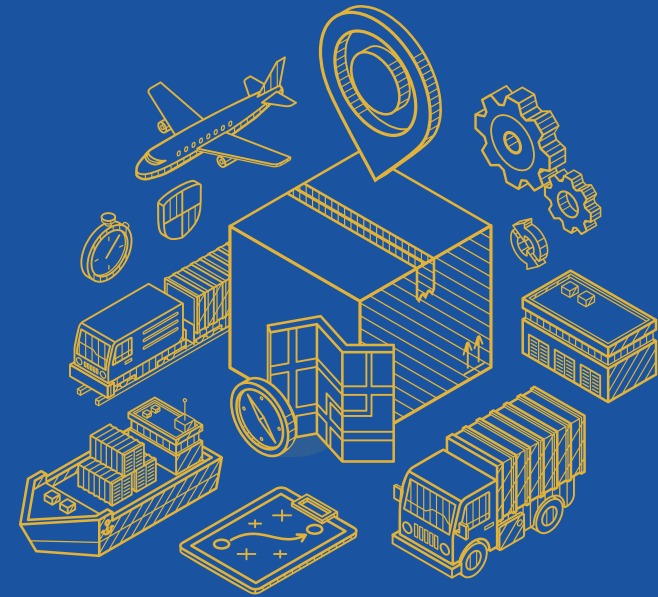

Fancy Speed matches your specifications with those of ship owners/operators, meeting the challenges of moving any type of charter cargo – wind power components, dredging and refinery machinery and equipment, cranes and heavy construction equipment; equipment for new construction or developmental projects.

Project movements and relocations

We provide global freight management for your cargo, offering not only standard container service, but also out of gauge (OOG) cargos, oversized & heavy lift cargo shipping and project relocations

Shipping OOG cargo can present many challenges, depends on quality of service and the applied solutions hence Fancy Speed has a specialized team who can handle these project smoothly and safety

Also The proper loading, lashing, stowage, securing and handling of out of gauge (OOG) cargo are essential to safe transport from origin to destination. We transport oversized cargo (regularly), ranging from very heavy machinery and industrial facilities to aircraft, and have a wealth experience in the carriage of such cargoes. We offer the following guidelines.

Open Top

Suitable for over height cargo unit that cannot be loaded through the container doors such as machinery, sheet glass, marble, building materials, lumber and large tires.

Flat Rack (Platform Collapsible Flush Folding)

Used for carrying awkward and oversize loads such as machinery, cable drums, metal sheets and steel coils, heavy vehicles, timber and forest products, yachts.

Exhibition organizing services & supplying

We have wide-ranging experiences in providing freight forwarding logistics to various industry exhibitions and events; ranging from aerospace, automotive, marine, to retail service, etc. with a very well-organized plan that will guarantee a best reliable service especially aware of elapsed time for furnishing exhibitors supplies as this is the most important point we are taking into consideration.

CUSTOMS & COMPLIANCE

If you ship internationally, you need customs broker solutions for DDP & DDU services and global trade compliance expertise.

We have the consultants who can help simplify the complexity of those regulations and provide procedures to keep your company in compliance.

No matter the origin or destination of your goods, we help you gain the knowledge to perform the due diligence necessary to ensure your shipments meet international regulations. Easily define your needs, contain costs, and minimize your risk when you work with our experienced, licensed customs brokers.

Our customs specialists help you comply with existing government regulations and stay ahead of changing customs compliance laws to reduce your risk, eliminate errors, and lower your costs.

Warehousing & packaging solutions

Our strategic warehousing location combined with best in class design tools, processes and systems ensure cost efficient fulfillment solutions.

Our dedicated warehouse solutions are just the right size, in just the right place, for just the right length of time. You don't pay for space you don't need; we'll find you the perfect fit! Let us help diagnose your warehousing challenges, develop inventory management solutions and then make those solutions work where it matters – out there in the real world.

Also we have the facility of packaging UN boxes that is concerned to the hazards materials which ease moving and having a prior acceptance from carriers to be able to be shipped on CAO or Vessel's on board

Global Logistics Solutions on 4PL
